

## OI-48I-EMR

Otis Instruments OI-48I-EMR Series LED Beacon is a cost-effective, high-performance visual signaling device designed for industrial applications. Featuring Pulse8 flash operation (8 flashes per cycle at 70 FPM), it delivers a highly visible warning signal ideal for use on control systems and safety equipment. The OI-48I-EMR integrates seamlessly with Otis controllers, providing reliable visual indication for critical operations.

### Product Specifications

Voltage	12-80V DC
Joules	2
Amps	2.7
Operating Range	-60 C to 50 C
Approval	SAE Class III, UL, CE, R10, IP66/67
Flash Pattern	70 FPM pulse, 8 patterns
Polarity	Reverse
Product Mounting	Pipe mount (surface mount available upon request)
Hardware Warranty	Limited one year
Part Number Formula	OI-48I-EMR-KIT (kit includes mounting hardware, additional colors available, change "R" in EMR to color choice)
